

FTC #21579

TESTING IS OPTIONAL

Skill Building

Testing is Optional, FTC Team 21579, is a robotics team for Middle and High School aged students. Our students learn engineering, computer programming, and machining skills, as well as problem solving, strategic thinking, time management, public speaking, teamwork, and leadership skills that are essential in any career.

STEM Advocating

Throughout the year, Testing is Optional students and mentors actively host and participate in a range of STEM demonstrations and activities. Our goal is to inspire students and adults alike to get into STEM. Another goal of our outreach efforts is to be inclusive to communities that lack STEM opportunities.

Award Winning

2024 & 2025 Arizona Championships Think Award

2023 & 2025 Arizona Championships Division Finalist Alliance Captain

2025 Diamondback & Saguaro Blossom Winning Alliance Captain

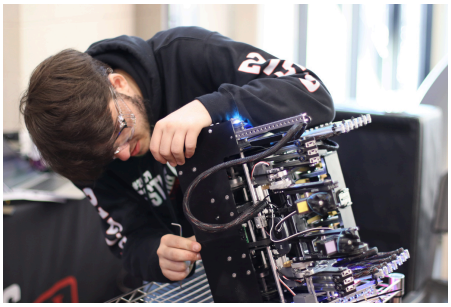

2024 & 2025 Arizona Qualifier Inspire Award
